

Performing Rights Update

The Performing Rights licence process has been reviewed for the Festival Hall and the procedure is as follows:

- MRTC to only charge hirers for PRS PLL if booking is an commercial event.
- If booking is commercial and the hirer has their own licence and provides the office with a copy, a PRS/PPL charge will not apply.

I have been working with Performing Rights and they have put a credit on our account of £1,272.80, this will go against out next bill which is due 5th November this year. A record has been made of the credit due and all officers are aware.
