Dear Sir or Madam

## Central Lincolnshire Design Code: Parish/Town Council Event

As an important member of the local community in Central Lincolnshire, you are invited to attend a Parish/Town Council event on preparing a design code for Central Lincolnshire.

A design code is a tool to help shape places by improving the design quality of buildings and spaces for residents, businesses, and visitors. Design codes set out clear design requirements for new development to follow, based upon a vision for the future of an area and design principles or priorities agreed upon with the local community.

At this design code event, you will be able to:

- Find out about design codes – What are they? Why are we preparing one for Central Lincolnshire? What is the timetable for preparing the design code?
- Find out about the Central Lincolnshire Design Code Consultation – How to get involved and have your say.
- Participate in workshop activities and discussion – Get involved in shaping the design code vision, design priorities and identifying key design issues facing your local area.
- Understand how the Central Lincolnshire Design Code will fit with locally prepared design codes.

The feedback from this event will inform what the design code should cover - it is an important opportunity for you to help shape the future of Central Lincolnshire.

The event will be run on 4 different dates across Central Lincolnshire during September 2024. If you would like to attend an event, please complete this form by **Friday 30<sup>th</sup> August 2024**:

<https://forms.office.com/e/CL6ukqWV4x>.

Please note that due to venue capacity there can only be 1 representative from each Parish/Town Council.

Further details will be issued to attendees in advance of the event.

Kind regards

Charlotte Robinson
